

Joy

Travel tip:

To experience Joy **fully**, go further than being on Pleasure Island only. Cross the Sea of Wonderment and visit Peace and Harmony as well.

Abundance

The Capital Abundance (situated on the highest summit of Joy) can *only* be reached by The Infinity Loop that connects the three islands. In some travel books this path is referred to as the Spiritual Path.

Remarkable fact:

The road on Pleasure is called This Track. *Only* travelling on that road used to be called thistracktion, which is nowadays spelled as distraction.

Remarkable fact:

Peace is only small, but crucial in the loop of state affairs. The policy of Joy is 'oneness'... So there is only one ministry that deals with everything that is important: the Ministry of Peace and Abundance. Every question asked at the Ministry (and all the inhabitants of Joy!) is answered openly and honestly. Some say: " Only with your mind at Peace, you can open your heart to Joy."

Worth knowing:

Harmony is the Transaction Centre of Joy. It's home to the source of your talents and your values. Knowing what is 'in Harmony' helps you to invest your energy wisely on Pleasure with deep and lasting satisfaction in return.

Make the most of your stay here by investing your talents in making joyful connections: harmonious & peaceful

Mind the gaps!

Joy encourages inhabitants and visitors to be resourceful and creative. To hop from one island to another, you'll need your imagination, since there are no ferry's, no fixed bridges.

Guidance/ getting round

Try using the guided tours from 'Intuition'. They know when to see which part of the Island, suiting your needs and values best. They know how to get there. It's a free service. Paying a Compliment is however highly appreciated and helps to improve the service.
